NILES STORE LOOTED FRIDAY NIGHT; HOBOS MAKE CLEAN ESCAPE

Attempts on Duarte's Market and MacMarr Store Fail

Of three burglary attempts on Main street last Friday night one was sucessful. L. C. Perry's grocery store was entered by forcing the lock on the front door and a quantity of groceries taken.

Attempts were made to gain entrance to Duarte's Market by forcing the front door and to the MacMarr store through a rear window, but both failed. Officers who investigated feel sure that all three cases were the work of the same gang of hobos. No trace of the burglars has been found by either Nightwatchman Art Roderick or Constable Orland Ebright, both of whom were notified of the robbery attempts.

From the Perry store the thieves took cigarettes, coffee, cake, and canned foods—pork-and-beans and deviled meat receiving the discriminating preference of the robbers. The burglary took place shortly after midnight. Entrance was gained through the front door. Its flimsy lock and old wood made it any easier prey of the burglar's jimmy.

The attempt on Duarte's Market and the MacMarr store failed completely. The burglars tried Duarte's front door and succeeded in leaving several deep gouges in the door and jamb as evidence of their work. A small rear window was the scene of operations on the MacMarr store. The window was protected by iron bars on the inside. Opening of the window was easily acocmplished by the thieves, but the bars presented a problem too great for them to surmount. Here again a few gouges in the woodwork remain in reward of their efforts.

It has been pretty generally agreed that the "hobo jungles" undoubtedly celebrated the weekend with a rare banquet as a result of the "raid" on Niles last Friday.

Girls Form Flag Team At Meeting Last Week

A flag was formed by a group of members from the Niles chapter of the Young Ladies' Institute last Wednesday evening. This team is in charge of Gertrude Enos, vice president of the institute, and Marion Zwissig.

The organization took place at a meeting in the home of Mrs. Marguerite Crane. Those present were the Mesdames Marion Zwissig and Gertrude Enos, and the Misses Eleanor Jack, Ann Perrin, Ella Sullivan, Susie Del Grande, May Fields, and Adeline Martin.

Mr. and Mrs. C. P. Davies, of Oakland, spent Sunday at the home of Mr. and Mrs. Roland Bendel in Decoto.

NILES CHAMBER OF COMMERCE HAS BUSY MEETING TUESDAY

The first item of business to come before the luncheon meeting of the Niles Chamber of Commerce Tuesday noon was a bill of $6.50 to the Township Register for printing the 1931 membership cards. It was voted paid. The meeting was presided over by Lester Duffy in the absence of Vice President F. V. Jones.

A report on the membership drive revealed that it is progressing slowly. So far only thirty-seven have paid their dues for 1931 as compared with the sixty-six members paid up during 1930.

Plans for a card party to swell the chamber's special emergency fund were put off till after Lent. A motion was moved and carried that $100 be transferred to this fund from the treasury, said sum to be paid back after the card party.

A nominating committee, chairmanned by George Bonde and containing A. J. Petche and a third member, was appointed by Acting President Duffy. The committee was instructed to have a report ready to submit to the chamber at next week's meeting.

E. Dixon Bristow, principal of the grammar school, was greeted by the chamber, and in a few remarks suggested that the chamber sponsor a garden contest in Niles. The suggestion was quite favorably received.

T. O. Morrison, Hayward Farm Advisor, and Mr. Edinger, new Associated Oil agent at Niles, were greeted by the chamber.

It was then voted that an honorary membership for 1931 be extended to Supervisor Ralph Richmond, and the chamber adjourned.

NILES PEDESTRIAN STRUCK DOWN BY PASSING VEHICLE

Car Driven by Joe Leonard Hits Howard Smith On Niles Highway

Howard Smith, of Niles, is recovering at home in Niles from scalp injuries received last Thursday night when struck by an automobile. The car, driven by Joe Leonard, also of Niles, knocked Smith to the ground, unconscious, as he was walking along the Niles-Centerville highway between the Thane corner and Cherry Lane.

Smith was walking on the left side of the road toward Centerville. Leonard, traveling in the same direction, swung to the left side of the road to pass a car ahead of him. Smith loomed up directly in his path. In trying to dodge, Leonard swung still farther to the left; and his right fender struck the pedestrian a glancing blow, spun him around, and a blow from the right wind-wing, as the car swept past, toppled him to the pavement The accident accurred about 7:30 p. m.

Smith regained consciousness shortly after the accident. He was given first aid by Dr. E. C. Grau and rushed to a Hayward hospital where he stayed until Saturday. His only injury was a long cut in the scalp on the back of his head.

Mr. and Mrs. Joe Oliver and son, Leo, and Mr. and Mrs. Tony Miller enjoyed dinner with Mr. and Mrs. Rocher, of Berkeley, on Sunday. In the evening they all motored to San Francisco to attend the auto show.

H. R. HUNT PASSES AWAY UNEXPECTEDLY EARLY MONDAY MORN

Private Funeral Service And Interment Held Wednesday

H. R. Hunt, 67, died unexpectedly early Monday morning. Funeral services, which were private, were held Wednesday with the Reverend W. J. Attwood, of Centerville, officiating. Interment, also private, took place in the Odd Fellows' Cemetery, Irvington.

Death came to the veteran Niles rancher entirely unheralded. He spent Sunday at his home on the Niles-Mission highway surrounded by members of his family and friends who had gathered together in celebration of his birthday. Hunt reached his sixty-seventh year last Thursday.

He went to bed Sunday evening without the slightest indication that his usual good health was in any way impaired. But he passed away between midnight and dawn as he lay asleep.

Hunt was the acknowledged leader of the Odd Fellows in this vicinity. A veteran member of the Niles lodge, he has held all the offices of the local order, and for the past twenty years or more has held the office of right supporter to the noble grand. His long service in the lodge made him well posted on Odd-Fellowship, and he was constantly looked to for advice by the younger members of the lodge. A leader in all the degrees, he has for many years past coached each successive drill team in its ritual.

The deceased was treasurer of the Episcopal church in Center-

SUNNYVALE AIR BASE BILL PASSES HOUSE OF REPRESENTATIVES

Local People Will Soon Realize Victory In Two-Year Fight

The House of Representatives Monday passed the Free bill for the establishment of a dirigible base at Sunnyvale. This is the last step necesary to make a reality the hopes and plans of two local people, Mrs. J. R Whipple, of Niles, and O. N. Hirsch, of Irvington.

These two were instrumental in starting the agitation in favor of the Sunnyvale site. These two people have also been active throughout the battle which was begun two years ago.

The Camp Kearny site in Southern California was the most serious opponent of the Sunnyvale prospect. When the Naval Committee of the House of Representatives recommended the Sunnyvale territory over the southern site on December 11, 1930, after a survey of both, the southern supporters withdrew from the battle leaving a clear field for Sunnyvale.

The bill just passed by the House allows the secretary of the navy to accept one thousand acres of land as a site for the base and authorizes expenditure of five million dollars for improvements. The bill will now go to the Senate for its approval. No opposition to the bill is expected and its ultimate success is practically assured, according to general opinion.

HEAD-ON CRASH KILLS MOTORIST SATURDAY ON HIGHWAY NEAR SUNOL

Wallace Lentz, Stanford Graduate, Skids Into Fatal Crash

Skidding head-on into an oncoming lumber truck on the treacherous highway between Sunol and Pleasanton last Saturday morning the life of Wallace Lentz, 24, was snuffed out and the machine he was driving wrecked and consumed by flames.

The fatal accident occurred near the Bonita station about two miles north of Sdnol on the Santa Rita-San Jose highway, along that portion of the road which is reputed to be one of the most slippery stretches in the Alameda county highway system.

Lentz was driving a car belonging to John Trimmingham, of Sunol, enroute from Pleasanton to Sunol. For some time, according to witnesses, Lentz had been following a MacMarr produce truck which had left the Pleasanton MacMarr store shortly before noon. On the straight stretch of road near Bonita, Lentz attempted to pass the truck, only to find a large lumber truck approaching from the other way. The machine driven by Lentz began to skid, the road being wet and slippery, and crashed head-on with the truck.

The force of the impact threw Lentz from the car. It also tossed the truck driver, Pat Clancy, of Bay Point, clear of the vehicle. Lentz was dead when picked up. His neck was broken, also his legs were fractured. It is believed that he landed on his head when thrown from the car. Clancy was not hurt.

The car driven by Lentz burst into flames after the crash. The driver of the MacMarr truck, Walter Cline, of Oakland, hooked on to the other truck and pulled it away to kep it from being consumed by the flames. What was left of the passenger car was hauled to the Sunol garage.

Lentz was a graduate of Stanford University, a native of Missoula, Mont., where his parents, Judge and Mrs. Theodore Lentz, reside. For the past few months he had been employed as an attendant at the Pleasanton Service Station, the owner, James Whitney Trimmingham, having been a school mate of his at Stanford.

The accident was witnessed by William Sacchetto and Raymond Carter, both of Pleasanton, according to Constable Albert E. Vervais, who, with Highway Patrolman Macer, investigated the accident. Chief of Police Wm. T. Davis, of Pleasanton, also was called to the scene.

The body was brought to the Pleasanton morgue where it was held until Tuesday afternoon when it was shipped back to Missoula, Mont., at the direction of Judge Lentz, who came to Pleasanton on Monday.

Funeral services will be conducted in the Montana city the latter part of the week, it was stated by the father.

TRUCKLING TO AUTOCRACY.

War has been averted! A great victory for peace and the Hoover administration!

Mussolini has been mollified!

A great American soldier, upon whose breast two decorations of honor mark him as a man of valor,—who with great courage upheld the traditions of our great flag, has been humiliated by a sharp reprimand from the secretary of state, and a court martial instituted by the war department. He criticised the Italian dictator at an unofficial banquet, repeating a story that had been told in New York. The story, that gave especial offence to Il Duce, was that the Fascist leader had run over a little child in his car and had refused to stop to render aid, passing off the incident with a wave of his hand, and "what is one life in the affairs of a state."

And after all, what was one little life in the affairs, not of Italy, but of Mussolini!

It is worth a man's life in Italy to make a face at the man who has dared defy the onward progress of democratic institutions and establish an absoluteism more tyrannous even than in ancient Rome. Every day, almost, men are put to death in Italy for questioning the divine right of this man to hold in the hollow of his hand the right of suffrage, yea their right to live upon the sunny slopes, in the verdant valleys and by the quiet sea of Italy where for countless generations their ancestors have prized so deeply their civic rights as men and Romans.

It was with deep chagrin that men of democratic teachings, who hate the things of hereditary monarchs, of usurpers of power, of domineering autocrats, saw the unseeming haste of Stinson in bending the pregnant hinges of the knee before this Mussolini—embodiment of everything distasteful to the principles of American government—the Mussolini who has crushed completely the press of Italy, until no paper there exists except that which sings in abject way the praises of this heartless, cruel man—the Mussolini who marches out the best men of Italy to be shot for merely questioning the wisdom of the duce's domestic and foreign policies—the Mussolini, who orders executed before sunrise, men found the night before embracing the order of Masons, or breathing the doctrine of Democracy.

And this great nation—the cradle of democracy—takes notice of a dictator's wounded feeling and in a groveling, servile, despicable manner, apologizes for remarks of a nation's hero, who, exercising his inalienable right to criticise takes Mussolini as his subject. Great though this Italian may have thought himself to be, to greater excess of authority yet he will be led to go, now, that at his belt, torn to shreds, dangles the bill of rights of an American citizen, and to all the world goes forth the thought that in America Democracy is dead!

WASHINGTON HIGH TRACK PROSPECTS BRIGHTER THAN IN PAST YEARS

Five Stars Doped to Cop Eight First Places In 1931 Season.

"Washington High's prospects of winning honors in track this year are better than any in recent track history," declared Coach Jess Reglih recently in answer to inquiries on the subject. The approaching track season is arousing the interest of the entire school now that basketball is so near to a close.

According to Regili's preview of the situation, the high school has five stars who are expected to make forty points in first places. The coach is hoping to be able to develop a team which will take enough seconds and thirds to make up the necessary sixty-two points to win a track meet.

Billy Dick, sprinter, makes exceptionally good time in the 100 yard dash and the 220. In last year's meets he was beaten by only one man, a Pleasanton student, who has since graduated. This fact coupled with his improvement since then should put him in the front in both his events. His time for the 100 is 10:5; and for the 220, 23:7.

Another athlete who stars in two events is Joe Avila. He should make 53 flat in the 440 this year, according to Regli. His record for the half-mile is 2:10. He was unbeaten in both these events last year and no serious rival has yet loomed up among Washington's opponents.

Frank Mattos, weight man, is also slated to take two firsts. His average with the 12 pound shot is 40 feet, and he consistently makes 115 feet and better with the discuss.

Harry Nakagawara, low hurdler, was unbeaten in this event last year. His only serious rival was "Shorty" Souza, of Hayward, who tied with him in the two times they met. Reliable reports state that while Souza does not show any improvements this year, the local boy has grown in height and increased in weight, and should improve considerably over his last year's form.

Leland Telles, the fifth track star, is a javelin hurler with a practice record of 157 feet. A good average for high school athletes in this event is 140 feet.

WASHINGTON BAND WILL MAKE TRIP TO MODESTO SOON

Musicians to Hear Contest Numbers Played By Superior Band

The Washington High school band is journeying to Modesto on the twentieth of this month to hear the famous Modesto High band, directed by Frank Mancini, play the pieces the local school will be called upon to play in the contest this year. Modesto's band is rated as a class "A" organization while the local musicians are in the "B" class. In addition the Mancini band has been repeatedly at the head of its class in past state contests.

The Modesto band's superiority is due in part to its director, Mancini, and in part to the fact that the high school students, entering as freshmen come with a good knowledge of music because of the musical education program in the grammar schools of that district. For fourteen years they have had an active music department in the grammar grades there. This township, however, has had a grammar grade music education program for the past four years only.

The trip to Modesto will be made in two school busses. It is believed that the local musicians will benefit greatly from the intimate study which they will receive of a really first-class band.

The Modesto band has in the past played at state fairs in Sacramento and at concerts in San Francisco and other large California cities.

ART STUDENTS VISIT SAN FRANCISCO SATURDAY

Ten first and second year art students of the high school, accompanied by Miss Lesda Sayles, art teacher, spent Saturday in San Francisco. Their main interest was in an exhibit of "Old Masters of the Dutch, Flemish, and Spanish Schools" in the Palace of the Legion of Honor.

The students also spent some time in inspecting the period furniture on exhibition in the same building.

The study of the art exhibit was helpful to them in comparing the old schools with the modern.

They ended the day by a trip to the acquarium in Golden Gate Park where the tropical fish were studied with a view to learning some pointers on color and design. This study was of interest to the second year students only.

They will use this study as the basis for their next problem, an "undersea" study in color design adapted for use in poster illustration.

FLU CLOSES THE GRAMMAR SCHOOL OF PLEASANTON

Co-operation of Parents Is Asked by Board of Trustees

Closing of the Pleasanton Gammar School for one week was ordered last Monday because of the influenza epidemic which is holding hundreds in its grasp in Pleasanton at the present time.

There were ninety-five absent from the grammar school on last Friday. On Monday when the roll call was taken it was seen that seventy-six were missing, and it was decided by the school board to close classes for at least one week, according to V. Bernard Johnson, principal.

It is hoped that by keeping the students separated for this week, that the epidemic will be throttled and that school may be resumed next Monday. All time lost by the students costs the state considerable money, it was stated.

School will be kept open later in June to make up the lost time. It was said that the closing date of the grammar school in Pleasanton would be probably advanced to June 12.

School authorities wish that the parents would co-operate in controlling the epidemic by keeping their children off the streets or frequenting public places or gathering where they are apt to come in contact with those who have the disease.

According to Johnson the members of the eighth grade are voluntarily staying at school from 8:30 to 12 o'clock every day because of their desire to be prepared for the spring examinations which will be held shortly. Johnson and Miss Gertrude Noble are the teachers.

At the high school in Pleasanton conditions appear to be improving this week. R. O. Moyer, principal, stated. The number of absentees for the past two weeks has been over thirty daily, but this week there were only twenty-five absent.

RIGID INSPECTION IMPROVES MILK IN PLEASANTON

Inspector Clemens Praises Dairies and Creameries For Work

Improvement in sanitary conditions and installation of modern equipment has enabled Pleasaton Township dairies to produce milk of uniform high quality, according to Dr. Nelson Clemens, city milk inspector. All milk sources furnishing milk to Pleasanton now have a class A rating, explained Dr. Clemens.

Samples of raw and pastuerized milk are gathered at least three times a month and taken to the laboratories where rigid tests are conducted.

Since the installation of milk inspection regulations in Pleasanton several months ago, the milk has improved to a great extent, says the inspector.

Election of Officers Held at Tuesday Meeting.

A volunteer fire department has been organized at Mission San Jose as a result of two meetings during the past week. The first meeting held last Thursday evening was merely a preliminary discussion of the steps necessary. Actual organization took place at the second meeting Tuesday night.

At the first meeting experienced fire fighters from neighboring towns were present to advise and offer suggestions for the formation of the new department. Those outsiders present were Chief M. B. Riggs, of Hayward, Chief H. B. Rathbun, of Niles, Chief Roland Bendel, of Decoto, Chief Fred Rogers, of Centerville, and Assistant Chief Joe Pashote, of Newark.

Steinmetz, president; Frank Brackendoff, vice president; C. A. Solon, secretary; H. L. Justus, treasurer; C. B. McIver, Frank Seppi, and Joseph Telles, commissioners.

One hundred and fifteen people were present at the organization. A subscription of $122.50 was received from those present to apply towards paying for the apparatus necessary. The department plans on installing two chemiral tanks and pumping equipment on an automobile chassis donated by Justus, owner of a Mission San Jose garage. Bert McIver has promised to donate the blacksmith work necessary. Lawrence Albert, Seppi, and Justice are donating the mechanical work to put the truck in first class running order.

Three Niles men were present at the organization to lend their support. They were President Ed. Vandernalin, of the Niles department, Syd Carr, and Ray Peterson.

MOVE GUM TREES FROM PLEASANTON CEMETERY TRACTS

The blue gum trees between the Odd Fellows' and St. Augustine's cemeteries at Pleasanton are being removed this week. Manuel Menize and sons are doing the work.

In place of the gum trees a hedge of shrubs will be planted to help beautify the cemeteries.

In the past generations it was the custom to plant gum trees along the boundaries of cemeteries, which in the present day is considered to give the grounds a gloomy effect.

Leniency Is Shown Youthful Thieves By Judge C. A. Gale

Suspended Sentence Given In Place of Term In County Jail

Justice tempered with mercy was meted out to a group of boys from Livermore when they faced Judge Chas. A. Gale of Pleasanton, last Tuesday morning. They were charged with theft, the result of raiding automobiles parked at the Amador high school on the night of the Livermore game, and having the articles stolen found in their possession.

After hearing the testimony Judge Gale gave them a lecture on what they would find at the county jail, ending by placing them on probation for six months. The youngsters must be off the streets by six o'clock and must refrain from entering pool rooms, theaters and the like for the period of their probation.

It was in the power of Judge Gale to have sent the youths to the county jail for six months. Judge Gale declared that he did not like to send youngsters where they would mix with hardened criminals for something which the boys had more than likely looked upon as a prank at the time.

The boys stole motormeters, the balls off gear shift handles, hub caps and a coat.

SIX MONTHS IN COUNTY JAIL IS HANDED THIEVES

Claude Alexander, Chas. LaFranz Plead Guilty To Petty Theft

Six months imprisonment in Alameda county's jail was the punishment inflicted on Claude Alexander, 21, and Charles LaFranz, 34, after they had plead guilty to charges of petty theft in the court of Justice of the Peace C. A. Gale, of Pleasanton, Tuesday.

Both men were originally charged with burglary. This count was dismissed after a plea of guilty of petty theft had been entered. Their arrest followed the breaking into the garage of John Taylor on the Pleasanton-Santa Rita road a fortnight ago. The men were said to have stolen a block and tackle.

Constable Albert E. Vervais performed a nice piece of detective work in apprehending the thieves. He found several sets of foot prints at the scene of the crime and traced the culprits from that clue.

Elk Grove—James Lillico started work on construction of new machine shop for Batey Brothers, Chevrolet distributors for this vicinity.

Today's Scripture LESSON

By Rev. John R. Stevenson

Blessed are they that keep judgment, and he that doeth righteousness at all times.—Ps. cvi. 3.

Thou shalt be steadfast, and shalt not fear: because thou shalt forget thy misery, and remember it as waters that pass away.—Job xi. 15, 16.

In the bitter waves of woe,
Beaten and tossed about
By the sullen winds that blow
From the desolate shores of doubt,
Where the anchors that faith has cast
Are dragging in the gale,
I am quietly holding fast
To the things that cannot fail.

Like sunshine....

electric heat
warms and cheers you

Use an electric heater on chilly mornings and know what true comfort is!

Have this quick, clean heat while dressing, shaving, or breakfasting. The cost is only a few pennies for a full hour.

A portable electric heater comes in handy no matter what other type of heating you have. For there are many mornings and evenings when you need enough heat to chase away the chill and still you don't want to heat the whole house.

Although this heater is designed especially for heating the air in the bathroom, breakfast nook, or any other small room, it can be used in larger rooms. No special wiring is needed. Simply connect it to a convenience outlet.

Electric heaters can be seen at our office or the dealers' stores.

MORE ON H. R. HUNT

(Continued from Page One)

ville. He has been a faithful member there every since coming to California about forty-three years ago.

Hunt was born in Minnesota and came to California with his parents when he was eight years old. The family settled in Santa Barbara. He came to this vicinity a little over forty years ago and secured work in the Centerville wheelwright shop of H. E. Mosher.

It was while working there that he met Louise Mosher, whom he soon married. After his marriage he settled in Niles and set up a blacksmoth shop in Old Town.

He left that occupation to become a fruit grower and has prospered in that capacity. He is widely known throughout the valley for his fruit, and has specialized in apricots.

Hunt, who was also president of the Odd Fellows' hall association and who had charge of the erection of the new Niles building, is survived by his widow and four children. They are Richard Hunt, of Bakersfield; Ronald Hunt, of Whittier; Harry Hunt, county horticulturalist of Monterey county; and Mrs. Clara Waldner, of Taft.

MACMARR STORES

Two Ways To Do Business

Some merchants prefer to make a **large** profit on each sale and have only a **few** customers. MacMarr prefers to serve **many** customers by charging only a **small** profit on each sale.

Last Friday and Saturday we might have charged a higher price for Rome Beauty Apples and sold two or three hundred boxes. Instead, we asked a very low price and sold more than 2,000 boxes.

Either way we might have made about the same amount of net profit. But the MacMarr method of doing business made it possible for thousands of families to enjoy these apples at a low price and helped the growers sell a surplus crop that otherwise might have been a loss to them.
